Dear Families,

Attached to the newsletter email are the documents regarding how to sign up for SMART tuition. Remember everyone needs to sign up unless you intend to pay in full by July 1st. If you do intend to pay in full please inform me as soon as possible. All other payment option will be available on SMART tuition.

I have been in conversation with SYCAMORE our student information system vendor and we will have an online lunch payment system set up by the beginning of August. If you choose you can pay online. You will be able to see your children's account as well.

It is hard to believe we are into May now and less than a month away from the close of school. We are still looking for parents to help with cleaning the second week in June. Of course, don't forget the golf tournament-either golfing or volunteering! I am NOT a good golfer but always enjoy being out on the course. The only person I can beat is my 81 year old mother and barely at that!

As we look forward to summer I hope you have a plan to keep your children's minds active. This includes reading, math flash cards, experiencing the outdoors and nature and any kind of a learning experience that keeps their minds active. Kids tend to slide one or two months in test scores during the summer so don't let your kids be a member of that club! I am not a fan of computer games-though some have educational purposes but violence in video games really has no place in cluttering children's minds-that comes from a mom and grandmother! We have some great resources that are close. The Mayo house right in town. The Arboretum in Chanhassen was named the best in the country. It has not only flowers and plants but many miles of hiking trails. A great place for a picnic. The Minnesota Zoo in Apple Valley and the Como Zoo in St.Paul. There are many, many State Parks which include the opportunity to hike, bike and camp. My hope is that your family enjoys the summer in active participation of many mind and body activities!

Peace,

Diane Lee
